Land Rover

VW

- with 1-week delivery time: all remaining makes.

If necessary, we can delivery any part within 24 or 48 hours.

□

Aftermarket parts

Apart from original parts, we supply also aftermarket parts. We are an exclusive distributor of Polcar on the Maltese market. Polcar is the biggest wholesaler of body parts in Poland and one of the biggest wholesalers of body parts in Europe. But apart from body parts, Polcar's offer includes also thermical parts, suspension parts, lighting, etc.

Currently, Polcar employs over 300 professionals. The company receives and sends around 1000m³ of goods every day. They supply automotive parts from over 300 manufacturers from all over the world. The number of offered items exceeds 130,000.

All of the offered products can be identified by a brief terminology according to Uniform Part Quality System based on Directive of European Commission No. 1400/2002. That means that customers can choose from original parts or replacement parts with a quality certificate (Centro Zaragoza, Thatcham or TÜV).

The offer includes:

- Body parts (bumpers, fenders, bonnets, grills, panels, tailgates, etc.)
- Heat exchange systems (radiators, heaters, fans and viscous clutches, thermostats and expansion tanks)
- Suspension parts including coil springs
- AC systems (condensers, evaporators, driers, cabin fans, etc.)
- Plastic inner fenders
- Lighting (head lamps, front and side flashers, fog lamps, tail lamps, universal lamps etc.)
- Mirrors (complete mirrors, glasses, glass bases, covers)
- Under engine trays
- Control arms
- Steering system parts
- Oil pans
- Fuel tanks
- Trunk floor mats

Thanks to Polcar's unique eCar software, customers can buy parts easily and quickly. There is no need to browse the paper catalogues and rewrite the part numbers anymore. With eCar you can order a part with just one click!
